Six stations, one walk

Basis: fixed features read from the photograph of the hall (projector aimed at the window wall, kitchen and coats on the opposite long wall, nearer the entrance end, entrance at the near end of the long wall opposite the kitchen). Schematic, not to scale. **Visit:** entrance, stations 1 to 3 along the entrance wall toward the screen wall, cross, stations 4 to 6 back along the kitchen wall, buffet, exit by the entrance. **To confirm on site:** room length and width, number of grids available.
